Board of County Commissioners
Yellowstone County

Re: Petition to create the Fuego Fire Service Area.

Yellowstone County received a petition to create the Fuego Fire Service Area. M.C.A. 7-3-2401 states "upon receipt of a petition signed by at least 30 owners of real property in the proposed service area, or by a majority of the owners of real property if there are no more than 30 owners of real property in the proposed service area, the board of county commissioners may establish a fire service area within an unincorporated area not part of a rural fire district in the county to provide the services and equipment set forth in 7-33-2402."

After review, the petition appears to meet the threshold of 30 signatures from owners of real property within the proposed service area.

Sincerely,

Jeff Martin
Clerk & Recorder
