

Lockwood Fire Map Book Pages

Township numbers are **RED**
 Section numbers are **BLUE**

Quarter township page numbers are **BLACK** with beige halo.

Most structure points were collected via GPS but some are estimated locations.

Page numbering in book is based on numbering sequence of quarter townships. An **X** in the legend indicates possible water sources. i.e. ponds, water tanks and wells.

Some dry hydrant locations are based on preliminary subdivision plats. Their locations have not been verified.

This document is intended for informational purposes only and is not guaranteed to be accurate nor current.
