New Montana GDL web page for Teen Drivers and Parents

Submitted by Fran Penner-Ray on 3/3/09.

Montana's GDL - Graduated Driver License aims to decrease teen crash risk by getting parents involved in helping their teens develop safe, responsible driving skills and attitudes. First with driver education, supervised practice and then by avoiding high-risk conditions for at least the first year of driving alone. We have a new GDL web page <http://www.gdl.mt.gov/gdl/> with information for parents and teens. A one page "Road Map to Montana's GDL" and a print friendly six page handout of the web page are available as pdfs.

67. ----- MONTANA " GED" TESTING CENTERS AND INFORMATION.
68. ----- MONTANA BOARD OF PUBLIC EDUCATION
